VOICE AND TONE

WRITE THIS WAY

- Calm, precise, declarative
- Sensory — smell, texture, aroma, feel
- Educational but never condescending
- Restrained — let the concept land, then move on
- Process-obsessed, not result-obsessed
- "Quality is not created at harvest. It is preserved after it."
- "A rushed dry destroys volatile compounds."
- "The reservoir speaks before the canopy does."

NEVER WRITE THIS WAY

- ~~Fire, gas, bro, smacks, insane yield~~
- ~~"Yo what's up guys welcome back"~~
- ~~Hype language around THC numbers~~
- ~~Exaggerated reactions or meme tone~~
- ~~"Smash the like button" or "limited spots"~~
- ~~Stoner clichés or cultural coding~~
- ~~Max yield bragging as success metric~~
- ~~Marketing speak without substance~~
